

Early Childhood Education (ECE) Educators Homeownership Initiative Application

v4 8.23.24

Background

Early Childhood Education (ECE) Educators are fundamental to the quality of life of the children they serve, the communities they are in, and the thousands of families in Milwaukee that could not go to work if there was not a safe and enriching place to send their children. ECE Educators have been displaced from the workforce because wages have not kept up with the increase in housing costs. Through the investments of the Department of Workforce Development, the Northwestern Mutual Foundation, the Zilber Family Foundation, the American Family Institute, the City of Milwaukee, LISC, CDA, and others, 40 new single family homes will be built near 5 major ECE Providers. The homes are exclusively for ECE Educators and will be sold for approximately \$100,000 each.

The demand for these homes is likely to exceed the number of homes available. Consequently, an application process has been set up where eligible ECE Educators can submit their information and there will be a lottery of eligible applicants to match as many applicants up as possible with the available opportunities. There will be a priority for residents that live or work near the homes that are being sold.

This process does not create a legal right and this process is simply a way to fairly distribute the opportunity to purchase properties when demand is expected to exceed supply. This process is not a lottery or raffle as defined by Wisconsin Law. The only legal rights an eligible buyer may have is an independent contract executed by the buyer and the seller of the home they are matched with. More details are available at www.housingplan.org/ece.

Submission Instructions

Once you have completed and signed this application, please create a PDF for each attachment and submit at www.housingplan.org/ECE. If you are selected, we will notify you if you have been matched with one of the available homes, and you will have 5 business days to inspect the home and submit an offer to purchase.

This is a rolling submission process which means that if you are unsuccessful for the first home, you will be automatically entered into future lotteries until all 40 homes are sold. Applications are available as of August 12, 2024. Applicants must submit applications by 9/15/24 to be entered into the lottery for the first home. Applications will be accepted at any time after 9/15/24 for future homes, until all 40 homes are matched. We anticipate that more homes will be available in late 2024 and late 2025. For questions, please contact: info@housingplan.org.
